Indirect Taxation Authority

IT Sector

S T A T E M E N T

I HEREBY DECLARE that I agree to the below-mentioned responsibilities of users and instructions for usage of the e-VAT system of the Indirect Taxation Authority .

GENERAL TERMS

- **ITA:** Indirect Taxation Authority of Bosnia and Herzegovina;
- **e-VAT Web Service:** this service provides taxpayers with the access, by Internet, to their files kept by the ITA in the VAT system;
- **User:** a taxpayer registered as the VAT taxpayer;
- **User Name:** is assigned to a user and is intended for the user identification;
- **Password:** is a sequence of characters assigned to a user and when combined with the user name it ensures the user identification and undoubtedly confirms his/her identity.

RESPONSIBILITIES OF THE ITA

1. to provide the user with a unique pair – user name and password – to be used to obtain the access to the e-VAT system;
2. to make the e-VAT web service available to the user;
3. to provide for security and safety of the access to the web service;
4. to adhere to the principle of confidentiality and to disclose the information related to usage of the web service only to the user. The access to the information about a particular taxpayer registered in the e-VAT system is possible only by using the user name and password assigned to that taxpayer;
5. to guarantee provision of services from the e-VAT web service domain, if a user properly uses his/her password and user name assigned to him/her by the ITA. The user's proper usage of the password means that it should be kept secret and

inaccessible to the third party. If the password is discredited by the user, the ITA cannot be held responsible for any consequences.

6. The ITA undertakes to cancel the user's access to the e-VAT system at the user's request.

RESPONSIBILITIES OF USERS

1. to update the ITA on any changes in the web service usage authorizations, on losing the password or on any information related to unauthorized usage of the password;
2. to ensure the confidentiality of the password and to make it inaccessible to the unauthorized persons.

INSTRUCTIONS FOR THE e-VAT WEB SERVICE USAGE

This Web Service is available on the Internet at the following address
<https://epdv.uino.gov.ba:8443>

FEE FOR THE WEB SERVICE

The e-VAT web service provided by the ITA is available without a fee.
